FIELD REMINDERS - Please remind your families/players/fans that the main objective of Little League baseball is to invest in our youth. We believe that the atmosphere at the ball field is

created by each and every one of us understanding that we each play a role in bringing a positive and respectful attitude to the ball field. We recognize that we do not have state of the art playing facilities. But we do have a hard working group of volunteers who have worked hard to help make this state tournament memorable and fun - and focused on building kids up! We believe that it's a mission that everyone can get on board with!
